TURANLAR GROUP

Pelit Arslan Kontrplak Fabrikası A.Ş., 1949 yılında Turan Ailesi tarafından kurulmuş olup, Türkiye'nin orman ürünleri sektöründeki kalite simgelerinden biridir. Turanlar Group'un ilk şirketi olarak faaliyetlerine başlayan Pelit Arslan, 50.000 m² üretim tesisinde kontrplak ve plywood üretimiyle sanayi yolculuğuna başlamış, ardından HPL ve CPL laminat üretimiyle bu süreci genişletmiştir.

Pelilam ve Pelipan markaları ile temelleri atılan bu üretim yolculuğu, bugün Peli markası altında birçok farklı ürün grubunu kapsayarak küresel pazarda yerini almıştır.

Turanlar Group, yalnızca orman ürünleri sektöründe değil, aynı zamanda turizm, gıda ve inşaat sektörlerinde de öncü markalar yaratarak Türkiye'nin köklü şirketleri arasında yer almaktadır.

Profesyonel kadromuz ve etik değerlerimizle, attığımız her adımı daha sağlam hale getirerek ilerlemeye ve dünya için üretmeye devam ediyoruz.

Pelit Arslan Plywood Factory Inc. was founded in 1949 by the Turan Family and has become one of the leading quality brands in Turkey's wood products industry. As the first company of Turanlar Group, Pelit Arslan started its industrial journey with plywood production in a 50,000 m² facility, later expanding into HPL and CPL laminate production.

This production journey, which began with the Pelilam and Pelipan brands, has now reached a global scale under the Peli brand, encompassing a wide range of products.

Beyond the wood products sector, Turanlar Group has established pioneering and leading brands in the tourism, food, and construction industries, solidifying its position among Turkey's most reputable companies.

With our professional team and strong ethical values, we continue to move forward with confidence, ensuring each step we take is stronger than the last, and we remain committed to producing for the world.
